EXPERIENCE

◆ Back End Developer Intern | Theonebranding Digital, Anand (Jun '24 - Nov '24)

I developed a Library Management System, CRUD App, and E-commerce website using PHP and JavaScript. These projects, which I successfully published on GitHub, provided me with 3 months of hands-on experience in backend development, sharpening my skills in designing, implementing, and deploying functional and efficient web applications.

◆ WordPress Developer Intern | Theonebranding Digital, Anand (Nov '24 - Dec '24)

I worked on a live project, developing an online quiz examination web application using HTML, CSS, JS, and WordPress, with full functionality, AR member protection, and a subscription system.

◆ Digital Marketing | Theonebranding Digital, Anand (Sep '23 - May '24)

I worked as a graphic designer for 7 months, gaining experience in color combinations and designing various types of posts. Additionally, I worked on SEO and advertising for 2 months.
